TOWN REPORT DEDICATION

The 2001 Town Report is dedicated to David M. Stephens, Son, Husband and Father.

David always had a smile and a wave for everyone he met while in the Water Department Truck or with his own vehicle.

David loved to hunt and fish as displayed on his number plate "GOBBLE".
David was married to Cathy (Ameer) Stephens on June 22, 1996.
David was the loving Father of Michelle Stephens and a caring friend to many people in the Town of Winchester. David lived in Winchester all his life and therefore touched many lives of the people who reside here.
Based on his caring personality, his dedication to his work and his truly compassionate nature, WE WILL MISS HIM.

David was born in Brattleboro, Vermont on June 29, 1955 and left us December 9, 2001. The poem at his funeral services says it all.

I'd like the memory of me to be a happy one.
I'd like to leave an afterglow of smiles when day is done.
I'd like to leave an echo....
Whispering softly down the ways of happy times and laughing times and bright and sunny days.
I'd like the tears of those who grieve to dry before the sun of happy memories that I have left behind when the day is done.

Thank you David for all the memories.....

The Board of Selectmen wish to thank all the taxpayers and town officers for their cooperation during the past year. Selectmen meet every Wednesday at 5:00 p.m. in the Town Hall. The Selectmen's Office is open Monday through Friday from 8:00 a.m. to 5:00 p.m.

Below is a listing of forms relating to property assessment and taxation that are available at the Selectmen's Office. The information provided below is just a summary of each form. For more specific information please contact this office.

INVENTORY OF TAXABLE PROPERTY:
As of this year 1999/2000 the inventory form will not be mailed out to the citizens of Winchester. In order to save time and money the inventory forms will be done only every five years. The next mailing will take place in the tax year 2004/2005.

VETERAN'S TAX CREDIT:
To be eligible an applicant must meet state residency and military service requirements. If a person receiving the credit changes his or her domicile, or a veteran's spouse becomes a widow or widower during the year, a new permanent application must be filed with this office. The town also offers a tax credit for service connected total & permanent disability. This is the only disability credit/exemption that the town offers and must be validated. *Due date is March 1.*

ELDERLY EXEMPTION:
This exemption has three categories: age 65-74, age 74-79, and 80 years of age and older. Besides meeting age requirements there are annual income and asset restrictions to those applying for this exemption. *Due date is March 1.*

BLIND EXEMPTION:
Applicants who are declared legally blind are eligible for this exemption. *Due date is March 1.*

PHYSICALLY HANDICAPPED EXEMPTION:
This exemption allows improvements - such as wheelchair ramps - that have been made to assist physically handicapped individuals, to be exempt from taxation. There is a minimum residency requirement for this form. *Due date is March 1.*

OPEN SPACE/CURRENT USE:
Applicants land must meet minimum lot size and other classification requirements in order to receive the current use valuation on their land. Once land is put in to current use there is a penalty tax applied for removing land from the classification. *Due date is April 15.*

INTENT TO CUT TIMBER:
Prior to each cutting operation every owner must file this form at the Selectmen's Office. No cutting shall begin until local and state approval is given. Permits are to be posted at the site.

INTENT TO EXCAVATE:
Every owner who intends to excavate earth shall file a Notice of Intent to Excavate, with the assessing officials in the town offices where such excavating is to take place. This notice must be filed prior to commencing each excavation operation and at the beginning of the tax year (April 1) for operation not yet completed or in progress. There is a fee of $100 for each Intent filed, made payable to: The State of New Hampshire.

BUILDING PERMIT:
Any person, firm, corporation, municipality, public agency, or institution desiring to operate, maintain, offer for rent, lease or tenancy any site, lot, field, tract of ground for location of any building, trailer or manufactured housing, or other similar conveyance, place or abode for shelter, or any other form of development, - as defined in the Town of Winchester Zoning Ordinance - shall obtain a written operating [*BUILDING*] permit from the Board of Selectmen.

A fee to be set annually by the Board of Selectmen and payable to the Town of Winchester is required with the issuance of each permit. When permits are not used within one year from the date of issuance an application for renewal of permit must be made, and if granted, will not entail the payment of a new fee. Where applicable, it would be necessary to have received and to show proof of having received an "Approval of Construction," granted by the N.H. Dept. Of Environmental Services, Water Supply and Pollution Control Division for the construction of any septic tank system - or where applicable, a Certificate of Sewer Availability from the Board of Selectmen - before a building permit or permit to park manufactured housing shall be issued.

No building construction may begin before the permit is issued. The building permit application fee is based on square footage of the structure. New residential construction is based on $.15 per square foot, non-residential is $.10/sq. ft., and commercial construction is $.20/sq. ft. The minimum fee is $35.00. Electrical and plumbing permits have a flat fee of $35.00 each.

MANUFACTURED HOUSING:
Whenever a person moves manufactured housing into a city or town for the purpose of establishing a residence in said city or town, or whenever a person purchases existing manufactured housing with the intent of residing in the same at the existing location, he shall within fifteen days of the placement of the manufactured housing, or within fifteen days of the purchase of same, register with the assessors of the city/town or the selectmen of the city/town where he intends to reside. Anyone who fails to comply with the provisions of this section shall be guilty of a violation. (RSA 72:7-B)

Further, it shall be unlawful for any person to move manufactured housing into, out of, or within the Town of Winchester without first obtaining a permit from the Board of Selectmen. The hauler of such manufactured housing shall have the permit in his possession at the time of the move.

The granting of such permit shall entail a fee, which shall be set by the Board of Selectmen, not to exceed $100.00. This does not apply to manufactured housing that passes through the town in transit, both from and to another town.

Currently there is no fee for the "Permit to Move Manufactured Housing". Supplemental information is required, proving that taxes are paid up-to-date in whichever town it is being moved from, if used, or that the home is brand new from the factory, if new.

Board of Selectmen
Town of Winchester, New Hampshire

We have compiled the financial statements of the Town of Winchester, New Hampshire for the year ended June 30, 2001 included in the accompanying Form F-65 (MS-5), in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants.

Our compilation was limited to presenting in the form prescribed by the New Hampshire Department of Revenue Administration, information that is the representation of Town Officials. We have not audited or reviewed the financial statements referred to above and, accordingly, do not express an opinion or any other form of assurance on them.

The financial report, Form F-65 (MS-5), is presented in accordance with the requirements of the New Hampshire Department of Revenue Administration which differ from accounting principles generally accepted in the United States of America. Accordingly, these financial statements are not designed for those who are not informed about such differences.

REPORT OF TRUST AND CAPITAL RESERVE FUNDS

City/Town Winchester For Year Ended 2000

CERTIFICATE

This is to certify that the information contained in this report was taken from official records and is correct to the best of our knowledge and belief.

Signed by the Trustees of Trust Funds

on this date 8/15/2001

REMINDERS FOR TRUSTEES

1. **INVESTMENT POLICY** - RSA 31:25 requires the trustees to adopt an investment policy and review and confirm this policy at least annually.

2. **PROFESSIONAL BANKING AND BROKERAGE ASSISTANCE** - RSA 31:38-a enables you to have a professional banking or brokerage firm assist you in performing your trustee duties. Refer to the law for further information.

Attributable expenses may be charged against the trust funds involved. Per recommendation of the Attorney General's Office, any charges in excess of 8% of the trust fund income must be charged to the general fund. Please list these expenses on the bottom of pages 2-3 of the MS-10 form and in the appropriate column on the MS-9 form.

3. **WEB SITE** - A trustee handbook can be down loaded from the web site for the Attorney General's Charitable Trust Division . **http://www.state.nh.us/oag/char.html**

4. **FAIR VALUE** - Fold and complete page 4 to disclose the fair value (market value) of principal only. This information may be obtained from financial publications or from your professional banker or broker.

5. **CAPITAL RESERVE FUNDS** - Must be kept in a separate account and not intermingled with any other funds of the municipality (RSA 35:9).

6. **WHEN and WHERE TO FILE** - By March 1 if filing for a calendar year and by September 1 if filing for optional fiscal year. See addresses on page 4 of this form. If you hold funds for the school, the school business administrator will also need a copy for the school's financial report.

REPORT OF COMMON TRUST FUND INVESTMENTS

City/Town Winchester For Year Ended 2000

CERTIFICATE

This is to certify that the information contained in this report was taken from official records and is correct to the best of our knowledge and belief.

Signed by the Trustees of Trust Funds

on this date 8/15/01

REMINDERS FOR TRUSTEES

1. **INVESTMENT POLICY** - RSA 31:25 requires the trustees to adopt an investment policy and review and confirm this policy at least annually.

2. **PROFESSIONAL BANKING AND BROKERAGE ASSISTANCE** - RSA 31:38-a enables you to have a professional banking or brokerage firm assist you in performing your trustee duties. Refer to the law for further information.

Attributable expenses may be charged against the trust funds involved. Per recommendation of the Attorney General's Office, any charges in excess of 8% of the trust fund income must be charged to the general fund. Please list these expenses on the bottom of pages 2-3 of the MS-10 form and in the appropriate column on the MS-9 form.

3. **WEB SITE** - A trustee handbook can be down loaded from the web site for the Attorney General's Charitable Trust Division . http://www.state.nh.us/oag/char.html

4. **FAIR VALUE** - Fold and complete page 4 to disclose the fair value (market value) of principal only. This information may be obtained from financial publications or from your professional banker or broker.

5. **CAPITAL RESERVE FUNDS** - Must be kept in a separate account and not intermingled with any other funds of the municipality (RSA 35:9).

6. **WHEN and WHERE TO FILE** - By March 1 if filing for a calendar year and by September 1 if filing for optional fiscal year. See addresses on page 4 of this form. If you hold funds for the school, the school business administrator will need a copy for the school's financial report.

Winchester Police Department

To: Townspeople of Winchester
From: Howard M. Sheats, Jr. Chief of Police
Date: January 3, 2002
Subject: Annual Town Report

I would like to express a heart-felt thank-you to the townspeople of Winchester, and the members of the Winchester Police Department in making the transition for my family and I a relatively smooth one.

As I gather the information to complete this Annual Report, I will attempt to give the reader 1) some sense of what has occurred in the past year, and 2) an overview of the plans for the coming year. Our task is a constant one in which we will work to make this Town as safe as we can for our residents and visitors.

2001 has brought a change in leadership and direction to the Winchester Police Department. The Police Department hired Rafael Rivera as it's sixth full-time Officer, and he is preparing to attend the Police Academy, in April of 2002. The telephone system inside the Emergency Service Building was in dire need of improvement, so the Police, Fire, Ambulance and Emergency Management teamed together and rewired the entire building, and a modern telephone system was installed.

For 2002, we will strive to provide professional and pro-active community oriented police services. We are looking to upgrade our computer system. Presently, the computer used to store the department's records is located in the front office and is not conducive to taking statements from victims or suspects. By networking the Department's computer system it will allow up to three users on at any one time. The plan is to install photo imaging when we network the system and this will aid us with identifications. No longer will a person who has been arrested by this department be able to say, "oh that wasn't me" because his/her photograph will be placed right on their arrest sheet.

In closing please remember that this is your Community, and by working together we can ensure that it remains "safe and secure". I would urge you to call us with activity that you feel are suspicious or unsafe and we will do our best to assist you. Over the last year, many of you have shown your support for our efforts and I thank you for that. This is truly a fine Community that we can all be proud of.

Respectfully submitted,

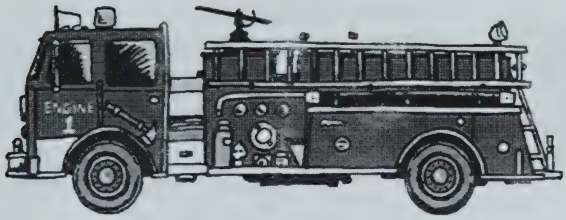

Howard M. Sheats, Jr.

WINCHESTER FIRE DEPARTMENT

The Winchester Fire Department had a very busy year in 2001.

Your Fire and Rescue Department currently has 35 active members. Several are certified as Firefighter 1. Training of other members is currently ongoing. Out goal is to have most of our firemen certified. It is becoming increasingly difficult for small towns to continue to find enough qualified people that are willing or able to make the commitment to become firefighters. The state continues to raise the level of training that is required. That is well and good, but it does require a higher level of dedication and commitment than in previous years. Most volunteer firemen have regular jobs and they do not have the time to do all that is required of them to remain current. We have a very good local training area at Meadowood in Fitzwilliam, and the last year has also been difficult for them to continue to provide local Fire Departments with training.

On September 11, 2001 we were all saddened by what happened in N.Y.C. Our department was called to stand-by. We had 14 members ready, willing and able to go. Fortunately none had to go. Because of this event we will now have to take on extra training in terrorism and chemical warfare. This will take up a lot of spare time on everyone's part.

We are all looking forward to a brighter and happier 2002.

We appreciate all of the support we have received from townspeople and area businesses during the last year.

The WFD ambulance once again had a busy year with a total of 374 calls. We had over fifty different types of calls, and it's not feasible to list them all. Our top three types of calls were cardiac related, difficulty breathing, and motor vehicle accidents.

The department has worked hard at continuing our skills and education. Last winter we held a drill in Pisgah Park involving the snowmobile club, Winchester fire/rescue/ ambulance/police departments; and the Richmond rescue.

In the spring we were host to thirteen different local fire/rescue/ambulance/police departments for a two day class on "Emergency Response to Terrorism".

This past fall, the majority of the squad traveled to Dartmouth Hitchcock Medical Center in Lebanon, N.H. to participate in an eight hour "Trauma" seminar.

Once each month we also travel to Keene to participate in the DHMC continuing education training. Our department trainings are held monthly, with many guest speakers in attendance.

Unfortunately, no amount of trainings could have prepared our country for the terrible tragedy that occurred on September 11, 2001. Those of us involved in the F.D. and EMS everyday, were devastated by the destruction and loss of life that took place.

On this date (9-11-01) , Winchester F.D. and EMS personnel were put on standby by FEMA. With the outpouring of volunteers to NYC and to our nations capital, our departments were taken off standby status days later, and never left the town. Those within the community should be very proud of the fourteen individuals who were ready and waiting to help our nation. We all mourned this horrific tragedy.

In 2002, things within the department are looking good. We currently hired four new attendants. Our scheduling is covered 24 hours, 7 days a week. In the past year, we had to have Diluzio ambulance cover the town only three times during our day shift. This is an excellent improvement to our department.

We all look forward to serving the town of Winchester in the up coming year. We appreciate, and thank everyone for their continued support.

WINCHESTER
HIGHWAY DEPARTMENT

The winter months were long and draining. The first snow arrived October 29th and the last on march 31st, total accumulation measured at the towns highway garage was 120 ½ inches. In addition to the snow that fell there were 14 sleet and freezing rainstorms. Besides the crews normal 8 hrs workday, we were called out 46 times due to road conditions Materials used to keep the roads safe for passage were, 3,000 yards of winter sand and 1,196 tons of salt.

The highway department completed a long awaited project on Back Ashuelot road, that consisted of the installation of 3,000 feet of water line and 3 additional fire hydrants, completing the loop system back to the intersection of Rts. 119, 78 and 10. The project also included major drainage improvements, replacing culverts and paving approximately 1 mile of road.

Winchester streets that received new pavement this year were Michigan, Chapel, Hildreth, Parkhurst Place, Bilo Acres and a portion of Mechanic Street. We also shimmed and chip sealed Forest Lake Road from Rabbit Hollow Road to Richmond Road addressing drainage issues at the same time.

Even with all the special projects we had this past year, our regular maintenance program must continue. The program consists of, but not limited to; screening and stockpiling 3,000 yards of winter sand, replacing crushed gravel, finish grading and applying magnesium (dust control) to our many miles of dirt roads, shoulder and ditch work, cleaning catch basins, patching pot holes, flushing all bridges, guardrail and street sign replacement, mowing and brush work along all town roads, flushing and replacing culverts, street sweeping, painting crosswalks and parking spaces, assisting the transfer station and water departments, maintenance at the town beach, equipment repairs & upkeep, as well as responding to any emergency situations that arise.

If anyone has legitimate concerns regarding our roadways or drainage issues, please feel free to contact me at 603-239-4811

Thank you for your continued support.

WINCHESTER SOLID WASTE MANAGEMENT DISTRICT REPORT

Total volume of Municipal Solid Waste, (M.S.W./ Household Rubbish), rose significantly again this year and at the same time recyclables declined slightly. The following is a list of categories and weights that were trucked off site.

Municipal Solid Waste	953.83 Tons
Construction/Demolition Debris	388.75 Tons
Metals	62.64 Tons
Mixed Paper	93.88 Tons
Chip Board	30.51 Tons
Co-mingled Recyclables	112.07 Tons
Cardboard	38.31 Tons

We also accept compost and untreated or painted wood, brush or slash-less than 5" in diameter, in our Burn Pit area.

Final disposal of the Municipal Solid Waste and Construction and Demolition is Turnkey Land Fill in Rochester, NH. The recyclables go to the Keene Transfer Station.

Winchester and Richmond Selectmen have executed a new three (3) year contract with Waste Management Inc. The old five (5) year agreement that expired on September 30, 2001, was a great deal for the taxpayers. But now we face the real world. Significant increases will be seen because of higher labor costs, transportation costs and tipping fees at the final disposal site. The last five (5) years have seen final disposal costs of M.S.W. go from $45 to $50 per ton to $95 to $100 per ton. In the new contract all parties shall meet in July of each year to review costs and determine if an increase or decrease is appropriate for the ensuing year. **Decrease???** Language in the new agreement includes implementation of program(s) by the district, which will result in a decrease in the amount of waste to be disposed of by Waste Management. What does this mean to you the taxpayer? More costs if we continue as we are right now. One way to reduce costs would be to "Pay as you throw", pay per bag. This would force more recycling and reduce the amount of M.S.W. by 20% to 30%. **Your input is welcome.**

Winchester and Richmond share the cost of the operating budget based on the population of their towns. The population figures are supplied by the NH Office Of State Planning. This year Winchester pays 81% and Richmond 19%.

Operating hours are:
Tuesday 8:00am to 4:00 pm
Thursday 8:00 am to 7:00 pm
Saturday 8:00 am to 5:00 pm

WINCHESTER HEALTH DEPARTMENT AND CODE ENFORCEMENT

2001was a very busy year due to the fact that Code Enforcement, Health Department and the Building Inspection Department have been working very closely together for the good of the town.

We continue to find numerous conditions that are against our town zoning ordinances and the BOCA codes that the town has adopted. These conditions are, but not limited to discarded items, garbage, rubbish, dismantled vehicles, old tires and many other violations.

We are encouraging landlords to upgrade their rental properties to BOCA standards. We Encourage tenants to report deficiencies i.e.: no radon or carbon monoxide detectors, bad wiring, smoke detectors, lead base paint etc.

All citizens should be aware of illness i.e.: West Nile Virus caused by mosquitoes that breed in stagnant water found in old tires, parts of old autos and other debris found around properties.

Lets all work together and develop Winchester into a model town. We could be the envy of the State of New Hampshire. Our town is growing and developing at a good pace and we have an opportunity to enhance our image and grow in a positive way.

Sincerely,

Vernon "Bucky" Jones,

Report of Welfare Officer

Homelessness continues to be the biggest concern of this office. Many people are homeless for whatever reason and the Town must help them find shelter. This is a costly problem for this office, whether we place them at a shelter a motel, or find an apartment for them.

We are averaging three or more new applicants per week. Not all of these people meet the income vs allowed expenses requirement. Many of the people coming into this office do not meet needs requirements but we are able to assist them in other ways - such as working with PSNH, sending them to the food pantry, to apply for fuel assistance etc.

The Zoning Board of Adjustment
200-2001 Annual Report

The Zoning Board of Adjustments is empowered to enforce Ordinances by holding Public Hearings for administrative appeals, special exceptions, and variances. The ZBA meets on the first Thursday of every month unless they Board has decided not to, or they have a meeting or public hearing scheduled for another time due to differences with the parties being available.

The board shares in the conviction that their decisions will be made with uncompromising integrity and commitment to fair and equal treatment to all applicants, while based on full compliance with our zoning laws, but also sensitivity to individual circumstances and a clear sense of responsibility to 'community'. I am honored to serve as chairman of this very special board, and the Town of Winchester can also be proud of these volunteers and their commitment to the job at hand.

Planning Board
2000-2001 Annual Report

The Planning Board has been very busy this year, Not all the Zoning ordinance amendments passed last year on voting day. The Board has been trying very hard to revise these amendments and make them more understandable to everyone. This has not been a very easy task considering the different opinions in the board, let alone the whole town! The board also purchased a CD to incorporate the land use regulations on the clerk's computer.

A big controversial issue that came before the board and town this year was a proposal for a cell tower on Jim Harrison's land on Curtis Rd. The Planning Board denied the application and American Towers appealed The decision. The judge ruled in American Towers favor. The Planning Board will now revisit this issue.

The board has also been taking a good look at what kind of condition the town is in, and they are taking the steps to try and improve its appearance. They took a van ride and looked at the town, after they decided things that needed immediate attention and things that they really thought helped improve the town's image. It proved to bee a real eye opener for some people.

The following applications were processed from January 1, 2001 to December 30, 2001.

Name	Type	Decision
Marc Richard	Boundary Line Adjustment	Excepted
Schmitt Estate	Lot Line Adjustment	Excepted
Henry, Martouchy, Henry		
Alan Carpenter	Subdivision	In Progress
Paul Taylor	Boundary Line Adjustment	Excepted
Bob Davis	Lot Line Adjustment	Excepted

ANNUAL REPORT TO THE TOWNSPEOPLE
FISCAL YEAR 2000-2001

The Winchester Conservation Commission (WCC) met regularly on the 4th Thursday of each month, except when holidays or lack of a quorum required rescheduling.

The WCC monitored compliance with timber harvesting, wetlands and Shoreland Protection Act laws and regulations. Where appropriate, cases were forwarded to the selectmen, New Hampshire Department of Environmental Services (DES) and/or New Hampshire Department of Forests and Lands (DFL) for further action. WCC members inspected sites for and with DES and DFL. The WCC reviewed wetlands permit applications and assisted citizens with completing and filing applications. In conjunction with the State of New Hampshire, water tests were done on Forest Lake with favorable results. A scholarship to the Youth Conservation Camp was awarded to a student at Thayer Junior High School.

A new computer was purchased to help with doing reports, using map software and printing out information for residents and different agencies. An Internet connection has been postponed to help keep costs down. The WCC will continue to look into the possibilities of developing a web page to provide easy access to local information, and links to other agencies, for Winchester residents.

The WCC continues to maintain Musterfield Park on Richmond Road and Meetinghouse Hill Park on Forest Lake Road. There are a total of seven properties in town that are designated as Town Forests and can be used for certain recreation purposes and are managed by the WCC.

Winchester's new representative to the Ashuelot River Advisory Committee is Stephen Poole and the representative to the Natural Resources Advisory Committee of the Southwestern Regional Planning Board is Cindy Ryder.

The WCC is a member of New Hampshire Association of Conservation Commissions, Monadnock Conservancy, S.P.A.C.E., New Hampshire Timberland Owner's Association and American Groundwater Trust.

ANNUAL REPORT
2000 - 2001

It was another busy year at the Community Center as it continued to serve as host to the Boy Scouts, Cub Scouts, Girl Scouts, Brownies, the Winchester Women's Club, the Historical Society, the Senior Luncheons, the Senior Walking Group, the WIC and Commodity Food Program, the Snowmobile Club, the Winchester Sportsman, Inc., Club and our very own Flea Market. Special events included the Horsepull, Christmas Bazaar, Winterfest and an indoor Flea Market. The indoor Flea Market, due to the unpredictability of the weather, did not go as well as we had hoped.

Two new programs utilized the Center this year. The first being the Win/Win After School Program run by Keene State College. This is an early college awareness program for the middle school students which met at the Center three days per week. The second was Creating Lasting Connections. This program worked with youth and families, in high-risk environments, to assist them in becoming strong, healthy and supportive of one another. The program's goal was to increase the children's resilience concerning substance use and reduce their use of alcohol and illicit drugs. Both programs were a success and are expected to return next year.

The Bowling Alley continues to serve the public. Leagues meet on the following days: a mixed group meets on Tuesday morning, Applewood meets on Wednesday morning, a Women's Bowling League meets on Wednesday evening and a Men's Bowling League meets on Thursday evening. Open Bowling is scheduled on Friday evening from 7:00 p.m. to 9:00 p.m. and Saturday evening from 7:00 p.m. to 10:00 p.m. Birthday Bowling Parties continue to be a favorite during the winter months.

A Friendly Place for All People

Incorporated 1938

The Recreation Center continues to serve our local teens during the school months from 5:00 p.m. to 9:00 p.m. on Tuesday, Wednesday, Thursday and Sunday. Friday and Saturday the hours are 5:00 p.m. to 11:00 p.m. and is closed every Monday. During school vacations and summer break, the Recreation Center extends its hours and is open from 5:00 p.m. to 11:00 p.m. and again, is closed on Monday.

It is with pride that we report on the Ball Programs this year. Last year we had hoped to add T-Ball to the spring line up. Thanks to the many donations received, it was made possible. Kiwanis continued to sponsor Pee Wee and they had another successful and fun filled year. The Softball teams were sponsored this year by Kulick's and Police Chief Sheats, who also coached one of the girl's teams. For the first time in many years, the Little League won the Tri-County League Championship! The Police and Fire Departments joined in the celebration by escorting the winning team into town.

Our Soccer Program continues through the combined effort and dedication of the children, parents and coaches. We are proud of all of them.

The Summer Day Camp Program, was run by Shelly Pagan and Karen Butler and we are pleased to report that we had a much better turn out. The enrollment of the children increased each week, ending the program with more than what we started with.

Another year has come to a close. Again we would like to acknowledge the many people who, through their unyielding dedication and support of the Center, have made all of our programs and accomplishments a success.

This fiscal year 2000-2001 we came closer to automation, brought variety to the children's room, added a new children's reading program and added a booksale.

A barcode scanner has been added to our library technology. This machine allows us to check books in and out by reading the barcode on the back of each book. Unfortunately this also revealed a hidden problem. All existing barcodes on books were incorrect because of printer software error. With the help of volunteers and staff, about 6,000 out of 13,000 labels have been replaced. This will be on going project for quite awhile, but we're gaining on it.

The children's room now has a little more variety. For babies a basket has been added to hold board books and other material for these "first timers". It is distinctive with a pair of baby shoes hanging from the handle. A bookcase of first chapter books have been added for the beginning reader on the move. Here he or she can find series stories about their favorite characters such as Pokemon, "The Littles", Magic Tree House and many more. It has become a well used section. Multi media has come the book. Five new books have buttons that add sound to the reading experience. Two new books have CD's. A parenting sections has also been added to this room. Here a parent can find out about homeschooling, evaluate their first or fourth grader, or learn how to encourage reading in their children.

The Great Stone Face Award reading programs was tried this year. Fourth and fifth graders were given a list of 25 books nominated by Chilis (Children Librarians of New Hampshire). They read as many of these as they wished over a period of six months. In March, students went to the town hall to vote for their favorite book from this list. Around 45 votes were forwarded to the State Library and tallied with all other New Hampshire students. This years winner was Among the Hidden by Margaret Haddix.

Booksales have always allowed us to do a little more in purchasing "extras". This year we added another booksale in the fall and also brought our booksales indoors by holding them at the town hall and extended them to two days. Booksale money this year allowed us to buy curtains for half of the children's room (the rest will be done next year), a digital camera, three chairs and a supply cabinet. These sale events have been expertly planned by Bill and Jane Pearre.

But enough of this year – it's past! On to the Next!

*Home and Community Based Care is a Medicaid program which offers extended home care services to individuals who are in need of nursing home level care but can be maintained at home for a lower cost.

Total Unduplicated Residents Served: 291

Regularly scheduled wellness clinics, prenatal care, hospice care and well child clinics are also available to residents. Town funding partially supports these services.

FINANCIAL REPORT

The actual cost of all services provided in 2001 with all funding sources is projected to be $531,128.00.

These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by your town.

For 2001, we request a total appropriation of $ 31,000.00 to continue home care at the current level and $4,074.00 for the Meals-On-Wheels program.

Thank you for your consideration.

Board of Selectmen
Town of Winchester
Town Offices
Winchester, NH 03470

Dear Selectmen,

As you know, Monadnock Family Services is active in your community, providing quality mental health services to anyone who needs them regardless of their ability to pay. As part of this mission, we feel it is important to let you know the extent of our work, and are pleased to give you the enclosed census report which outlines services provided to residents in your town during 2000-2001. Over the past year, MFS provided services to over 3,800 adults, children and older adults, of which 298 were residents of Winchester.

Once again, MFS is asking for your financial support to help underwrite the cost of services we provide to the uninsured and underinsured individuals in your town. Based on figures from the 2000 population estimates from the NH Office of State Planning, we are asking for the equivalent of $1.25 per capita, which for the town of Winchester, amounts to $5,180.

We ask for your consideration and support of the .25 per capita increase in our request. MFS has not increased its request to towns for many years. However, the cost to MFS to serve the uninsured has increased steadily with rising treatment costs and more people seeking subsidized services. The cost of serving the uninsured and under-insured residents of the Monadnock Region has averaged a half a million dollars annually for the past three years. United Way funds and town subsidies cover about a third of this significant expense. Our services to uninsured adults are further jeopardized as state regulations prohibit us from supplementing non-funded or under-funded services with state funds.

Your ongoing support of our work is deeply appreciated, and we hope that our partnership in caring for the residents of Winchester will continue. We work very hard to keep our costs down, and to identify, whenever possible, alternate sources of funding for this population.

In addition to the census report, I have enclosed materials describing the services we provide. If you have questions, or require more information, a representative from the agency will be happy to speak with you.

Again, your support is very important to us. By working together, we help to insure our communities remain healthy and vital places to live, work and grow.

Thanks for your consideration.

Sincerely,

Ken Jue

Challenge Program

Offering activity-based, group experiences that use problem-solving initiatives to enhance self-esteem, cooperation, decision-making, interpersonal communication skills and trust-building. The adventure-based model utilizes outdoor challenges such as high and low ropes courses, rock climbing and hiking.

The Monadnock Volunteer Center

The Volunteer Center and the Retired Senior Volunteer Program (RSVP) serve as a central clearing house for volunteer opportunities throughout the Monadnock region.

Acting Out

A creative arts program to help adolescents explore contemporary issues through expressive arts, and group and peer interaction.

Cheshire Mediation

Cheshire Mediation offers comprehensive mediation services to many sectors of the community. Services include a free, volunteer-staffed, family mediation program, divorce mediation, victim-offender mediation, and consultation and training to schools, businesses and industry.

Neighbors-In-Deed

A volunteer, community-based group of individuals, congregations and organizations who offer assistance and companionship to older adults and other individuals isolated from the life of the community.

Adult Day Care Program

The Adult Day Care Program offers support and social experiences to those over the age of 60 who are experiencing dementia, Alzheimer's disease or other deteriorating conditions related to aging, while offering family members and caretakers a respite from the demands of care taking.

Community Education

Our Community Education efforts seek to educate communities on issues related to mental health and mental illness and to promote community responses and activities that are preventative and supportive in nature.

All R Kids

All R Kids is a supervised visitation center providing a home-like setting for parents and children to meet in safety. The visitation center is used by parents who are separated from their children due to domestic violence situations, foster care or other circumstances where a child's safety and well-being may be at risk.

Hampshire Associates

Hampshire Associates provides management consultation, training, Employee Assistance Programs and managed psychological care to businesses, industry and other organizations in the Monadnock region and throughout New England.

Respite Program

The Respite Program provides both daytime and overnight care to children with severe emotional disturbances, providing relief for parents or primary caregivers.

Training and Consultation

Our consultants and trainers are MFS staff who offer education and consultation, both in-house and on-site, to consumers, families, agencies, governments and corporations regionally, nationally and internationally.

Community Support Programs

The Community Support Programs (CSP) at Monadnock Family Services provide bio-psychosocial services to persons with severe or long-term mental health concerns. Programs emphasize a person's right to self-determination and growth, with a focus on health, skill-building and individual potential. Services are available to people eligible by the standards of the NH Division of Behavioral Health Services.

Psychiatry

The psychiatric staff provides assessments, consultation and leadership to the CSP treatment team. Medication evaluation and monitoring, and consultation to other care providers are offered as well.

Case Management Services

Case Management Services decrease the need for psychiatric hospitalizations by providing the skills needed for independent living and self-directed treatment. Case managers coordinate the array of CSP and community-based services available to help integrate consumers into the life of the community.

Acute Care Services

Acute Care Services provides 24-hour a day emergency interventions with psychiatric evaluations and timely referrals to appropriate services. Acute Care Services activates the treatment and support systems necessary to respond to psychiatric emergencies and to stabilize persons in crisis.

Career Options

Vocational Services provides education, training and support within a vocational/recovery model. Components include assessment, job-readiness training, vocational workshops, job club, individual support, job development and placement, and educational support.

Nursing & Dietetic Services

Nursing and dietetic services are provided by certified professionals familiar with psychiatric and mental health settings.

Dialectical Behavior Therapy - DBT

DBT is a broad-based, cognitive-behavioral treatment developed specifically for borderline personality disorder. Program features include group skills training and individual therapy.

Emerald House

Emerald House is a fully-staffed community residence serving as an alternative to long-term hospitalization.

The Family Program

The Family Program encourages family involvement in treatment and provides support and education to families and friends of CSP consumers.

Psychotherapy

Individual and couples therapy are available at our 93rd Street and Marlboro Street facilities in Keene.

Office of the Selectmen
Town of Winchester
P.O. Box 25
Winchester, NH 03470-0025

Dear Selectmen:

I am writing to request that The Community Kitchen, Inc. be placed either on your March, 2002 Town Meeting warrant or in your town budget, for an operating budget request in an amount between $8,500.00 and $10,000.00.

In setting our request amount, we try to balance the amount of use by residents of each town at The Community Kitchen Pantry program in the last year with the town's ability to pay. Winchester has the highest usage rate of any town outside of Keene. Between January 1, 2001 and September 30, 2001, The Community Kitchen distributed 1,926 boxes of food, containing 63,540 meals, to residents of Winchester and Ashuelot, for a total cost to The Kitchen of $31,134.60. Based on these numbers, we have projected distribution totals for the year 2001 of 2,568 boxes, containing 84,720 meals to residents of Winchester and Ashuelot, for a total cost to The Community Kitchen of $41,512.80.

Attached is a chart showing different facts about our distribution to residents of Winchester and Ashuelot, including how many of people served were under age 19 or over age 59. The average cost per meal to The Community Kitchen is $0.49, which covers all of our costs - including salary, property and liability insurance, vehicle operation and maintenance, utilities and food purchases.

Not included in the $0.49 is the actual value of the donated food as well as the hundreds of hours of volunteer time and other in-kind donations we receive. If we factored these in, the $0.49 cost per meal would jump to over $1.50 per meal. As you see, in terms of value received, the $8,500.00 to $10,000.00 we are requesting from Winchester and Ashuelot is a bargain.

An average of 550 families every week come to the Pantry for food assistance. We have asked for written proof of names, ages, addresses and income for each member of every household that comes in for assistance. A typical weeks' box will contain cereal, juice or milk, yogurt, bagels, bread, pasta and sauce, tuna or another meat item, fresh fruits and vegetables, soup, dessert items and personal care products. Approximately 80% of the items we distribute are donated from local wholesalers, retailers and restaurants. We purchase the remaining 20% locally, or from the NH Food Bank in Manchester, where we are charged $0.14 per pound. Approximately $80,000.00 is spent each year on food.

At the Hot Meal program, dinner is prepared and served family style Monday through Friday, between 5:00 and 6:30 pm at our building on Mechanic St., Keene. Although we serve dinner to residents of most Cheshire County towns, we are not requesting reimbursement for those meals from the towns.

I would like to set up a time for a meeting or phone conversation with you in order to answer any further questions you may have, if you are interested. Please let me know when that might be convenient. Thank you for your time and consideration.

Sincerely, Mindy Cambiar

REQUEST FOR FUNDING PROPOSAL
TO THE
TOWN OF WINCHESTER, NEW HAMPSHIRE

AGENCY NAME: The Community Kitchen, Inc.

DATE: October 15, 2001

1. Briefly describe the role of the agency:

The Community Kitchen, Inc., is a not-for-profit. direct service agency which provides hot meals, take home boxes containing food and personal care items, information and advocacy to low and moderate income men, women and families with children in the Cheshire County, NH area. Since its founding in 1983, the Kitchen has served and/or distributed over 5,250,000 meals, at no charge, but with donations welcome, to people in need.

2. Identify the services that Town funding will provide:

The Pantry Box Program operates out of a space in our building on Mechanic Street. Each box provides approximately three days' worth of meals for each family member. Computerized and handwritten records are kept of family names, number of people, street addresses, dates of receiving each box, income and age. Each family or individual coming in for the first time must fill out a form required by the USDA, and provide back-up documentation for all of the above information. Many referrals have been made to this program from Town and City Welfare offices, school nurses and other agencies. Almost 80% of the food for this program is donated, and over 1,000 volunteer hours each month are worked by community members to ensure the success of the program. Take-home boxes of food are available on Wednesdays from 12:30 pm to 5:30 pm and on Thursdays from 11:00 am to 4:00 pm, or by special arrangement.

Hot meals are served Monday through Friday from 5:00 to 6:30 pm at our Mechanic Street location. Meals are prepared by a volunteer staff under the supervision of the Hot Meals Coordinator. Menus are planned after donated food is picked up at bakeries, delicatessens, supermarkets and restaurants. Meals consist of two or more entrees, salads, vegetables, fruit, bread, soup, desserts and beverages, and are served by volunteers. Guests/participants make up over 35% of our volunteer crew and help primarily with set-up and clean-up. We are not requesting any funding from your town for our Hot Meal program, but thought you might want to know about it.

3. a) **Number of clients served 01/01/01 to 09/30/01 at the Pantry:**
Unduplicated individuals: 4,593 (a 15% increase over same time period in 2000)
Unduplicated households: 1,771
b) **Number of those who were Winchester/Ashuelot residents:**
Unduplicated individuals: 657
Unduplicated households: 189

c) **Number of above Winchester/Ashuelot clients served who were under age 19:** 302
d) **Number of above Winchester/Ashuelot clients served who were over age 59:** 27
e) **Number of Pantry boxes distributed 01/01/01 to 09/30/01:** 19,109
f) **Number of those Pantry boxes distributed to Winchester/Ashuelot residents:** 1,926
g) **Number of meals in pantry boxes distributed 01/01/01 to 09/30/01:** 435,888
h) **Number of those meals in pantry boxes distributed to Winchester/Ashuelot residents:** 63,540

i) **Estimated dollar cost, per client served, 2000:** $ 41.13
Calculated using $333,672 total expenses; 8,112 total clients
2001 numbers not yet available
j) **Estimated dollar cost, per meal served, 2000:** $0.44
Calculated using $333,672 total expenses; 757,012 total meals
2001 numbers not yet available

k) **Cost to Community Kitchen of pantry meals provided to Winchester/Ashuelot residents, at $0.49 per meal in 2001:** $31,134.60

l) **Percentage of total pantry box meals provided in 2001 to residents of Winchester and Ashuelot:** 14.58%

Please note that the numbers provided on this page are actual numbers for January through September only.

Traditionally, The Community Kitchen experiences a tremendous increase in both the number of families served and the number of meals distributed in November and December, due to Thanksgiving and Christmas holidays, cold weather and fuel bills. It is anticipated that at the end of the year over 28,000 pantry boxes will have been distributed in total.

The amount of reimbursement we have requested is based on the actual number for the first three quarters of the year and an estimate of the fourth quarter added together.

STATE OF NEW HAMPSHIRE

WINCHESTER SCHOOL DISTRICT WARRANT FOR 2002/3

To the inhabitants of the Town of Winchester in the County of Cheshire and the State of New Hampshire, qualified to vote in school affairs:

You are thereby notified to meet at the Thayer High School Auditorium at 7:00 PM on Monday, February 4, 2002, to consider the following articles in deliberative session, pursuant to RSA 40:13. The official voting of the business of the School District as determined at the deliberative session and the election of School District Officers will be held at the Winchester Town Hall on Tuesday, March 12, 2002 with the polls open between the hours of 8:00 A.M. and 7:00 P.M.

ARTICLE 1: Shall the Winchester School District raise and appropriate as an operating budget, not including appropriations by special warrant articles, and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling $7,611,661. Should this article be defeated, the default operating budget shall be $7,547,064 which is the same as last year, with certain adjustments required by previous action of the Winchester School District or by law or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI to take up the issue of a revised operating budget only. (Note: $500,000 of this amount is for grants and nutrition grants that is funded by separate State and Federal revenues.)
(The School Board and the Budget Committee support favorable action on this warrant article.)

ARTICLE 2: Shall the Winchester School District vote to approve the cost items included in the collective bargaining agreement reached between the Winchester School Board and the Winchester Teachers Association, which calls for the following increases in salaries and benefits?

Year 1 2002-03	Salary Increase	$110,234
	Retirement	2,844
	Social Security	8,433
	Total	$121,511
Year 2 2003-04	Salary Increase	$103,052
	Retirement	2,659
	Social Security	7,883
	Total	$113,594
	Grand Total	$235,105

And, further to raise and appropriate the sum of $121,511 for the 2002/2003 fiscal year, the sum representing the additional costs attributable to the increase and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year.

(The School Board and the Budget Committee support favorable action on this warrant article.)

ARTICLE 3: Shall the Winchester School District vote to raise and appropriate the sum of fifty thousand dollars ($50,000) to be placed in the building improvements Capital Reserve Fund previously established?
The School Board recommends this article. The Budget Committee does **not** support favorable action on this warrant article.)

ARTICLE 4: Shall the Winchester School District vote to raise and appropriate up to $50,000 to be placed in the Special Education Expendable Trust Fund with such amount to be from the year-end undesignated fund balance available on July 1st, 2002? No additional tax dollars will be required to fund this article.
The School Board and the Budget Committee support favorable action on this warrant article.)

ARTICLE 5: The voters are advised that the Winchester School District had an over-appropriation resulting from advanced expenditures to open the School of $162,109.29 as of June 30th, 2001, for the High School renovation/construction project. No action is recommended or necessary, as this will be corrected with the funding of the $5.5 million dollar project. For informational purposes only.

ARTICLE 6: "Are you in favor of exploring the possibility of a regional school that will include the Town of Winchester?" This question is placed before the voters by petition.

ARTICLE 7: Shall the Winchester School District receive and approve the reports of the agents, auditors, committees and officers chosen as printed and distributed in the Annual Report?

ARTICLE 8: Shall the District vote to transact any other business as may lawfully come

Report from Winchester School Board chair

To The Citizens of Winchester:

The Winchester School Board faced some roadblocks over the past two years which delayed the start of Thayer Building/Renovation project . An individual in Exeter challenged the legality of all SB 2 towns' 60% bond votes, in several courts to date. Winchester joined with 5 other school districts and several municipalities in the state and has successfully defended the legislature's ruling against all complaints. The case is pending in the US Court of Appeals in Boston and will be heard, we hope, finally, February 7, 2002. Meanwhile, the Board is obliged to maintain the Thayer facility and make repairs required by the NH State Fire Marshall and Electrical Inspector to ensure the safety of all our students and staff. This has been costly.

In the fall of 2001, the Board held its yearly goal setting workshop with Assistant Superintendent Margaret Sullivan and the Principals of each school to set goals for the upcoming year. We have identified areas for improvement, which will positively affect students and community. The goals are identified in this Annual Report. An important goal that the Board has committed to is strengthening the curriculum K-7. This year we are sharing a Curriculum Coordinator position with Hinsdale. This position will be working with staff to give guidance and expertise in all areas, as well as to connect all curriculum to the NH State Frameworks.

The Winchester School District has a web site in the early phases. Debbie Child-Trabucco, the District's Technology Coordinator will be working with faculty at each school to put information on the site, so that students, families, and community members can access helpful information regarding our school. The site will include the school calendar, special events, sport schedules, classroom activities, school board minutes, and agendas, as well as other information. The site can be visited through www.mrsd.org that links to the Winchester page.

The Board supported both Thayer Middle School staff and Thayer High School staff in their work with the The Best Schools Institute. Both teams meet monthly to continue the work they began last summer at a weeklong seminar in North Conway. The work in curriculum, classroom instruction, and assessment done by these teams will bring rewards to our schools.

The Winchester School district began our first year of full day Kindergarten in the fall of 2001, with the full support of the Board and

the community. The Winchester School District is one of only several districts to begin this all day Kindergarten this year. Early education opportunities for our children will enrich their lives and make them academically strong.

Thayer Middle School has its own Principal this year. Lynne Bleier took on this role, with the support of the Board. The faculty and administration are actively participating in workshops and conferences, geared to the very special needs of middle school students.

Salaries for teachers have improved and are now quite competitive with other school districts in the State.

This year the School Board began meeting twice monthly to work on policy and school issues. The first Monday of the month and the third Thursday of the month are regularly scheduled meetings. We have also begun a monthly tribute to staff, students, and community members who have made a positive impact on the Winchester School community. The Board welcomes all community members to our meetings. We strive to keep information flowing to the citizens of Winchester. The Board appreciates all the community support, and looks forward to improving the curriculum, the climate, and the facilities of our schools for our children and our community.

WINCHESTER SCHOOL BOARD GOALS

1. **Buildings, Site, and Facilities**
   Promote the continual upgrade of school buildings, site, and facilities.

2. **Curriculum**
   Support school excellence and accountability by continually examining learner outcomes, curriculum, and programs designed to meet each student's educational needs.

3. **Staff**
   Support Staff efforts to be life long learners and role models for students.

4. **Communications**
   Continue to seek ways to improve communications and interactions with community and school.

5. **Climate**
   Promote programs, policies, and procedures designed to cultivate positive student behavior and impart core values of respect and responsibility.

6. **Student Behavior**
   Support programs and procedures that encourage students to demonstrate exemplary behavior at all times.

7. **Technology**
   Insure that an instructional and administrative technology plan for the district is written and supported.

8. **Vision**
   Support a vision for the schools that increases student achievement and enhances building and grounds.

9. **Data Collection**
   Support collection, analysis and publication of data on student achievement and use data to inform all decision making.

10. **Resources and Funding**
    Assure that district budget reflects school and board goals.

REPORT OF THE
ASSISTANT SUPERINTENDENT OF SCHOOLS

With respect and pleasure, I submit to the citizens of the Winchester School District my fifth annual report.

On behalf of every staff, student, parent and community member, we are committed to the fundamental concept that school success will only occur when each of us acts on the belief that we can truly make a difference together and that we can set and meet high standards for all. Much of what I wrote last year holds true for this year and the coming years, as well.

As an educational system, Our job responsibility is to instruct students in a way that will lead to their competencies in many areas. We must provide an environment for learning that establishes clear relevance for needing to learn skills and knowledge. Students must demonstrate ability to think critically, communicate effectively, and solve problems within our constantly changing global world. They must understand so much to be successful in this county.

Learning is active and must be applied. Therefore, teaching must be active and relevant. During the past year, many teachers attended classes and workshops to help them become more effective instructors in the classroom. An abundance of success stories are placed before you throughout this 2002 Annual Report. We continue to forge ahead, believing in continuous improvement. We have achieved some, but our journey continues.

Together, with community and parents, we are developing partnerships. Our commitment to our learners is our priority. You can help by continuing to share your commitment, your time, and your expertise. Education is the most important resource we have in our world and in our community. Thinking and creating are a must for survival in this information filled world. We need to change this information into knowledge for and with our students. We must sustain a quality educational system. We must continue to provide this resource for the entire learning community. You will see throughout this Annual Report that the School District has been very active toward this end

There is so much information in the world today that it is incumbent upon us to have the time and the skill to communicate clearly and well with one another. Communication through viewing, speaking, listening, computing, writing, performing, and reading are all important. None of us can be an expert in any one area any longer. Our students are graduating into a world where they must work well together in order to survive and to thrive. Social skills, tactful honesty, respect, and tolerance are more important now than ever. One can easily see that the act of parenting and teaching is complex and cognitively demanding. Again the whole community needs to foster this and assist as an entire learning community.

A significant concern to everyone who works with people is dysfunctional behavior. Over the past few years, we have seen an erosion of self-restraint and respect for human worth. This manifests itself in violent threats and acts. It cannot become commonplace to resolve conflict by committing physically or verbally aggressive acts. We need, with your help, to establish with our communities zero tolerance for any such aggression. We must together develop pro-active strategies to honor the dignity and worth of each person.

As I reflect upon this past year, it has been one of much progress with a strengthened spirit of cooperation and teamwork. We move ahead by challenging ourselves to do better with everything we do, every day, adding more value to our learners and to the learning environment. As assistant

superintendent for the District, my three focuses, again this year, are as follows: 1.) To reach excellence in teaching, 2) To create and maintain an environment whereby all learners within the district will succeed, and 3) To build strong community and school connections.

It has been a goal of the School District for the past several years to establish a true middle school (6-8), with it's special philosophy, integration, and instructional strategies. While we have moved forward considerably, there is still much to be done to bring about this vision. We currently have a principal; a grant funded guidance/social worker, a literacy coordinator, and integrated 6-7-8 grade teams located in the middle school to assist students, parents, and teachers. As one of a handful of chosen schools by the State as a Best School, our middle school will receive two more years of paid curriculum assistance and teacher training to help us all move our students forward academically and socially. We strive to be a student-centered school where no child is left behind.

Two years later, after the voters in Winchester approved and supported a bond for the addition and renovation of Thayer High School, the facility remains a much awaited and needed improvement. Our students need and deserve updated educational programs in a facility that will support them. They also need and deserve to come to school in a clean, safe, and secure facility. We work hard to provide this within the constraints of an aging 1922 building, and we look forward to a resolution to the impediment set before the School District.

Despite building constraints, Thayer High School has been chosen to participate in The Best School Institute, and will receive paid curriculum assistance and teacher training to help us improve our school community.

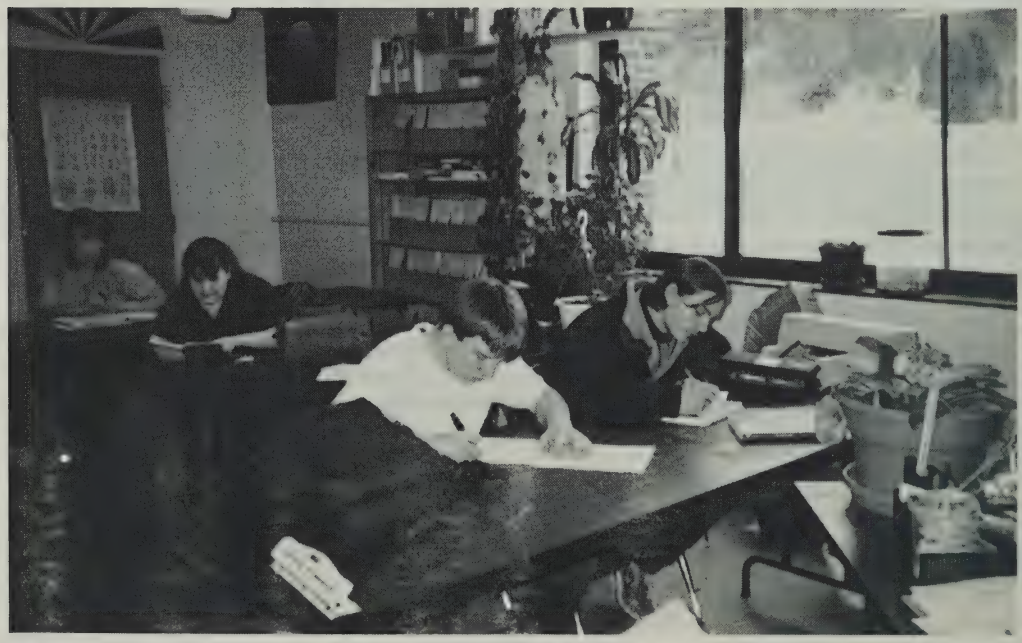

The staff and administration of our elementary school have experienced a challenging and amazing year. Once again, teachers and administration traveled together throughout the summer and the school year to receive training and to develop programs, which will move our students to higher levels of learning and behaving. Literacy continues to be at the forefront of student learning, our students' progress is frequently assessed, and the curriculum and instruction adjusted to help every child meet and/or exceed grade level. In addition, the behavioral lessons of Responsive Classroom are embedded in every situation throughout the school day.

The District is committed to, and supports, a strong staff development program for staff because curriculum, classroom instruction, and assessment are at the heart of what the School District is all about.

While the foregoing expresses the strengths of out district, we can never be complacent. We must strive always for continuous improvement. While our commitment to a strong academic focus is evident throughout our schools and while our parents and community members share enormously in the successes, we recognize that the journey is long, steep, and often arduous.

Respectfully submitted

WINCHESTER ELEMENTARY SCHOOL
WINCHESTER, NH 03470
ANNUAL REPORT
2001

Winchester Elementary School continues to address the expectation for quality in all aspects of our school. With this in mind, we have **three primary goals** for the 2001-2002 school year. These goals are as follows:

Goal 1) We will further develop our understanding of how children read and write.

To work toward this goal we have:

- Joined the **Literacy Collaborative** through Lesley University and Ohio State University. This involvement is a five-year commitment during which our kindergarten through grade two teachers will be instructed in research-based methods for teaching reading and writing to children. **Ruth Joslin**, a second grade teacher at WES, is presently in a yearlong training as our Literacy Coordinator as a part of our involvement in the Literacy Collaborative.
- Hosted a second year of the **Learning through Teaching** course offered through the University Of NH. This course provides quality training in teaching reading and writing methods for teachers in grades 4 through 8. Dr. Pamela Mueller, our course instructor, also returns for ten additional days of consultation with our third grade teachers.
- Begun giving the **Terra Nova Achievement Test**, a nationally recognized standardized test, to children in grades 2, 4, and 5, to assist us in identifying student needs and strengths.
- Introduced **Lindamood Reading Instruction** for children who continue to struggle with reading. This is in tandem with our strong **Reading Recovery** program for first graders having difficulty beginning to read successfully.
- Formed a **Literacy Steering Committee** to review on a monthly basis our data on student progress and to assess the success of our programs.

Goal 2) We will further develop our safe school climate with special attention given to threatening, name-calling, fighting, swearing, and refusal to listen.

To work toward this goal we have:

- Collected data on a regular basis to gauge our progress in these and other areas of concern. (We're happy to report that there has been a significant lessening of incidents of serious misbehavior at our school).
- Continued to work with **Responsive Classroom** as our primary program for improving school social climate as well as with the **Second Step Program**. Second Step is a nationally recognized program used to teach

children how to identify feelings, solve problems with peers, and calm down during frustrating situations.

- Formed a **School Climate Steering Committee**, which meets monthly to measure success and to plan future action.

Goal 3) We will increase family and community involvement so that it has a direct effect on student achievement and school climate.

To work toward this goal we have:

- Surveyed families with children in our school to identify their concerns and ways in which they would like to be further involved.
- Developed a homework policy which encourages family involvement.
- Formed a **Family and Community Involvement Steering Committee**, which has assessed involvement to date and solicited successful practices from schools throughout the state and country that may be implemented at our site. They also meet monthly to keep our efforts focused.

We have begun school activity and sports clubs as well as a vibrant school chorus. A Homework Club is now firmly established for grades 4 and 5. We are appreciative of grants from Cheshire County and Title II which make most of these possible as well as for the people who have come forward to assist in the planning and running of these activities.

Many positive changes are in process. We know that change takes time, but we are encouraged by the participation of our staff and community and by the successes we see on a regular basis.

We are your community school. We are dedicated to working with Winchester families for the betterment of the community. Your involvement is always welcomed and appreciated.

Annual Report
February 2002

We have enjoyed a very exciting five months during our first year as a middle school. While the work has been challenging, the rewards have been significant. Student-led conferences rank as one of our proudest accomplishments; we have heard enthusiastic, positive comments on this process from parents, students, and teachers. We look forward to even better success in the spring. I have highlighted this and other accomplishments for this report.

- We fielded the largest team at the Best Schools Leadership Institute in July where we created our philosophy and mission.
- We hosted our district at a presentation on inclusion given by internationally known speaker, Norman Kunc.
- We hosted a very well attended Open House in conjunction with the elementary school on 28 August.
- Teachers in every content area have guided their students in paraphrasing the state standards so that they understand what is expected of them.
- We hired a sixth grade teacher who specializes in science and who teaches science to all sixth grade students. The other two sixth grade teachers teach math and social studies to all students. All sixth grade teachers give instruction in language arts. We hope that this will increase student achievement in all areas.
- Several of the classroom assistants we hired came to us with college degrees! We have a former teacher and school board member who works three days per week as a permanent substitute teacher, and a volunteer with a Ph.D. in math who comes in twice a week.
- Our Best Schools team meets every month with our facilitator. We check the goals that we set during the summer and report on our progress at each meeting.
- We now have a Student Leadership Team consisting of two students from each grade, the principal, Marcia Ammann, and Mike McKinney. The committee meets twice a month to discuss the climate at the middle school.
- The TMS Times is published at least once a week.
- The TMS Home Times will be sent home once a month.
- Traci Johnston has designed a middle school web page. The address is www.mrsd.org. When that page comes up, click on Winchester, and then click on Middle School.
- We successfully hosted student-led conferences that provoked positive responses from parents, teachers, and students. This supports the middle school philosophy of a student-centered school.

- At our regular monthly staff meetings teachers present their instructional strategies to the rest of their colleagues. This furthers our goal of continuing professional development.
- Sam Romano organized an international festival featuring presentations about Christmas celebrations in different countries and given by members of the Winchester community.
- We have worked with NELMS and Best Schools to offer a graduate level course on differentiated instruction.
- The grade level teams have set a goal to plan at least one interdisciplinary unit this year.
- The seventh grade team has instituted morning meetings, homework club, and lunch detentions in an effort to improve the climate and achievement among the seventh graders.
- We are working in partnership with the education department at Keene State College and hosting their students who observe our teachers.
- We had a guidance intern working with us for three months.
- We have middle school intramural sports teams to complement our competitive teams and to afford more students the opportunity to participate in athletics.
- The Early College Awareness Program WIN WIN is growing and flourishing.
- Jan Gamache trained all our teachers in Second Step.
- We have been meeting as grade level teams to determine the areas of strengths and weaknesses in our curriculum. We use the results from the state tests and the state standards to determine where the gaps are.
- Our guidance staff will host a Career Day in the spring and will invite parents and community members to share their vocations with our students.

We solicit parental and community involvement as a vital element in our school's development, and we welcome your ideas to help us integrate the school and community.

THAYER HIGH SCHOOL
PRINCIPAL'S REPORT
January 2, 2002

To the Citizens of Winchester:

The teachers and administration began the planning process for the 2001-2002 school year during the summer. A team of ten individuals participated in the Best Schools Leadership Initiative that is sponsored annually by the Governor and the Department of Education. The group worked for one week in North Conway with the assistance of a facilitator. At the end of the week the team had a "Vision Statement" that would direct our professional development work for the next three years.

The team was very excited and set meeting dates for the school year to continue with the planning process. We now have a Mission Statement for the high school that was developed by the team. The Mission Statement was adopted by the entire faculty and shared with the Board of Education. The team is now focussing on the assessment rubric that will be used by the team to assess our progress toward completing our mission. We are committed to accountability in all that we do.

"OUR MISSION IS TO ENABLE EACH STUDENT TO ACHIEVE ACADEMIC, CIVIC, AND SOCIAL EXCELLENCE."

An assessment plan was cooperatively implemented with the elementary school. We now have baseline data about student progress in English, mathematics, science and social studies for grades 2-11. The test results confirmed our need to add additional writing assignments in all classes. The classroom teachers have attended training sessions for writing instruction and we set a goal to implement weekly writing assignments.

We continue our commitment to high performing students and will continue to work cooperatively with family and community members. We appreciate the support from the community and thank everyone who helped to make Thayer High School a good place for students to learn.

Sincerely,

Dr. Carol Fritz
Principal

Curriculum Report
Winchester School District

This July marked the beginning of a shared curriculum coordinator's position for Winchester and Hinsdale and I am most pleased to be working in the Winchester School District. Support of such a position shows the commitment of the board and the town to the education of their students. I am glad to have my office at Thayer. This gives me the opportunity to interact with both students and staff.

My goal in this position is to increase student achievement. I believe that working collaboratively, supporting teachers, and increasing skills and competence does this best. Thus being a resource and supporting such efforts as the Best Schools Leadership Initiative at the Middle and High Schools, Elementary School literacy, Middle School organization, and High School curriculum have been very important. Looking at data, analyzing results, and planning for improvement are critical attributes in this work.

An important aspect of this position is putting curriculum on paper. This makes it easier for everyone, parents as well as teachers, to know and understand what students need to learn. Beginning in January, work in many curriculum areas will help us to be consistent and to collaborate from Kindergarten to Twelfth Grade. Having a continuous and easy to implement curriculum will help to reinforce what needs to be taught and learned.

Essential learning and comprehensive assessment are also both critical in this work. Essential learning includes those skills and concepts students should know in each subject. Comprehensive assessment means checking for understanding in more than one way. Day to day measures in the classroom keep teachers and students on the right track. Yearly measures using state and

national tests give us a larger context for looking at student progress and are significant in the overall plan.

The most important work in this position is the support and retention of teachers. Research supports the fact that it is the classroom teacher who can make the most difference in student success. By building a skilled and consistent teaching force, student learning and achievement are significantly increased. It is critical to continually help teachers in their work, increase their skills, and refine their knowledge and craft. Teachers in their first and second year in a district need this support most. Teachers get better at what they do in their classrooms through feedback, teaming, study groups, workshops, and courses. Ongoing support of these efforts is central to reaching the goal of increased student achievement.

Thank you for the opportunity of working in this field in Winchester. I look forward to continuing this important work.

Respectfully submitted,
Helene Bickford, Curriculum Coordinator

Special Education Report
Dr. Kenneth R. Dassau

There is an increasing shortage of educators in New Hampshire and nation-wide. Each year as teachers retire, or leave the district for other positions or reasons, the ability to attract and hire qualified personnel becomes more and more competitive amongst school districts. So I am pleased to welcome Ms. Dawn Terrian, our new elementary special education teacher, and Dr. Bill Slammon, SAU school psychologist, to the Winchester special education teams.

Once staff is hired, it is important that the district provide them with mentoring, training, and staff development activities, to make their transition to the district as smooth and pleasant an experience as we can. Howard Gardner in Intelligence Reframed (1999) wrote that an individually configured education starts with "a commitment to knowing the minds and persons of individual students. This means learning each student's background, strengths, interests, preferences, anxieties, experiences, and goals, not to stereotype or to preordain but rather to ensure that educational decisions are made on the basis of an up-to-date profile of the student."

As part of the SAU 38 staff development and training process, some of our special education teachers, regular education teachers, school psychologists, and guidance counselors, participated in two workshops with Dr. Mike Mezzocchi this fall. The first was titled "Managing Student Behavior" and the second the "Functional Assessment of Behavior and Manifestation Determination for students with educational disabilities." Both presentations were grant funded. Gardner adds that knowing the minds of students represents but the first step. "Crucial thereafter, is an effort to draw on this knowledge in making decisions about curriculum, pedagogy, and assessment."

I commend our new special education personnel, Dawn and Bill for their efforts so far. Not only learning about our students, but in their management of the tedious state and federal special education paperwork. For new teachers coming into any school system learning about students in order to make decisions about curriculum, pedagogy, and assessment takes time. It is not a small task. That's why experience counts. So it is important to acknowledge our experienced teachers, counselors, and instructional assistants for their continuing service on behalf of our students. Our new staff members quickly learn that they have joined a staff and school district that functions in the best interests of students and each other.

Technology Report
Winchester School District

Today teachers face the challenge of keeping pace with technology so they can help their students to function in a world where computers and the Internet are just as important a part of education as paper and pencil were in the not too distant past.

Teacher education preparation programs are scrambling to include a technology component so new teachers will be better prepared to integrate the technology into curriculum.

In Winchester we devoted professional development time and money to assist our teachers in learning more about technology and how they can better use it in their classes. We were fortunate to be the recipient of two Technology Literacy Challenge Fund Grants that provide online professional development. Some of these online classes were offered in real time and facilitated by me so that teachers would become familiar with the format and feel they were supported in this new way to learn. Classes in computer basics, Internet basics, and email basics were offered in this format.

With this training we are seeing the infancy of integrating the technology into the curriculum. Examples of this include: studying the waterways of Winchester (http://www.thayer.winchester.k .nh.us/wwap2001.html), studying online via a team of experts the ecosystem of the Amazon River Basin, another project involved studying, again with a team of experts in the field, the Mayan ruins and why the Mayan empire fell.

We are planning several projects for professional development this winter and spring to offer our teachers. The goal remains to integrate the technology so the students in turn will benefit.

The above figures are indicative of the busy, routine nature of the Thayer Health Office during a typical school year. Throughout the school year when she isn't seeing students for illness or injury related visits, the nurse is kept busy with health screenings (head lice, spinal,

vision, hearing, heights and weights), health education and presentations. She is also available as a resource, to assist students with research. The process of updating student health records is an ongoing project. Immunization status of the Thayer student body is monitored closely and reports are sent to the NH State Department of Health and the NH Department of Education. The Nurse is an active member of the Thayer Child Concern Team, Joint Loss Committee, CAST (Community And Schools Together), and the Cheshire Coalition for Tobacco Free Youth. For the staff we have offered a flu vaccination clinic, blood pressure and cholesterol screening along with other wellness incentives.

Currently, there are many other projects in different stages of planning: Ongoing health policy review; comprehensive health curriculum search and development for grades k-12; developing better strategies to deal with the issues of prevention and drug/alcohol /tobacco use amongst the students at Thayer.

The roles and goals of the school nurse have changed a great deal over the course of history. Today the school nurse not only delivers health services to the school community, but also must manage the health program through a systematic process of assessment, planning, intervention, and evaluation so that high-level wellness can be achieved and maintained. The school nurse is a counselor and educator for groups and individuals, as well as an advocate for the health rights of children and their families, within the school and the community at large. To quote the Surgeon General of the United States of America, "You cannot educate a child that is not healthy, and you cannot keep a child healthy who is not educated".

INDEPENDENT AUDITOR'S REPORT

To the School Board
Winchester, New Hampshire School District

We have audited the accompanying general purpose financial statements of the Winchester, New Hampshire School District as of and for the year then ended June 30, 2001, as listed in the table of contents. These general purpose financial statements are the responsibility of the Winchester, New Hampshire School District's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As more fully described in Note 1, the general purpose financial statements referred to above do not include the financial statements of the General Fixed Asset Account Group, which should be included in order to conform with accounting principles generally accepted in the United States of America. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except for the effect on the general purpose financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Winchester, New Hampshire School District as of June 30, 2001, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 4, 2001 on our consideration of the Winchester, New Hampshire School District's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements of the Winchester, New Hampshire School District taken as a whole. The combining financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Winchester, New Hampshire School District. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the general purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated, in all material respects in relation to the general purpose financial statements taken as a whole.

NOTE 1–SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Winchester, New Hampshire School District conform to accounting principles generally accepted in the United States of America for local educational units of government, except as indicated hereinafter. The following is a summary of significant accounting policies.

Financial Reporting Entity

The Winchester, New Hampshire School District (the "District") is an independent governmental entity organized under the laws of the State of New Hampshire to provide public education within the borders of the Town of Winchester, New Hampshire. The District's legislative body is the annual meeting of registered voters within the District and is governed by an elected School Board. Administrative services are provided by School Administrative Unit #38.

The accompanying financial statements of the District present the financial position and results of operations of the various fund types and account groups. Included in the financial statements are those of the School Board, the District Treasurer, the Food Service program and the Student Activity Agency Funds. The District has no separate organizational units that meet criteria for inclusion in the financial statements as defined by the Governmental Accounting Standards Board.

Fund Accounting

The accounts of the District are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures. The various funds are summarized by type in the financial statements. The following fund types and account groups are used by the District.

Governmental Fund Types

Governmental Funds are those through which most functions of the District are financed. The acquisition, use and balances of the District's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is upon the determination of changes in financial position, rather than upon net income determination. The following are the District's governmental fund types.

General Fund - The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds - Special Revenue Funds are used to account for specific restricted revenues and expenditures. The Food Service, Federal Projects and Special Projects Funds are accounted for as Special Revenue Funds.

Capital Projects Fund – The Capital Projects Fund is used to account for financial resources to be used for the acquisition of major capital facilities and equipment.

Fiduciary Fund Types

Expendable Trust Funds - Expendable Trust Funds account for the financial resources of the District's Building Improvements Capital Reserve Fund.

Agency Funds - Agency Funds are used to account for assets held by the District in a fiduciary capacity for various student groups and for payroll withholdings.

Account Groups

Account groups are not funds; they do not reflect available financial resources and related liabilities, but are accounting records of general fixed assets and general long-term obligations. The following is a description of the account groups of the District.

General Fixed Asset Account Group - The District does not record the acquisition of fixed assets in the General Fixed Asset Account Group as required by accounting principles generally accepted in the United States of America. Fixed assets acquired or constructed for general government services are recorded as expenditures in the fund making the expenditures. Funds used to acquire general fixed assets and/or debt service payments on borrowings in connection therewith are accounted for as expenditures in the year payments are made.

General Long-term Debt Account Group - The District accounts for its long-term debt in the General Long-term Debt Account Group.

Basis of Accounting

The modified accrual basis of accounting is followed by governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures, other than interest on long-term debt, are recorded when the liability is incurred, if measurable. Disbursements for inventory items (food service inventories, textbooks, and paper supplies) are considered expenditures at the time of purchase. Food service inventories are recorded at current value at year-end to comply with state regulation and reported as a reserved component of fund balance.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of numerous individual programs are used as guidance. There are, however, essentially two types of revenues. In one, monies must be expended on the specific purpose or project before any amount will be paid to the District; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

Charges for services, and miscellaneous revenues (except investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned since they are measurable and available.

Budgetary Data

The District's budget represents functional appropriations as authorized by annual District meetings. The school board may transfer funds between operating categories, as they deem necessary. The District adopts its budget under State regulations that differ somewhat from accounting principles generally accepted in the United States of America in that the focus is on the entire governmental unit rather than on the basis of fund types. Special revenue fund budgets are adopted to the extent that they interact with the general fund. Budgetary information in these financial statements has been presented only for the general fund, as it is neither practical nor meaningful for other funds. Following is a reconciliation between the budget as presented for financial reporting purposes and the adopted budget

Approved Budget - March 14, 2001	
School Meeting	$ 6,022,920
Less: Perspective Differences:	
Special Revenue Funds:	
Food Service Fund	(100,000)
Federal Projects Fund	(180,748)
General Fund Budget	$ 5,742,172

Sick Leave

District teachers may accumulate sick leave days at a rate of one per month, cumulative over a period of fifteen years to a maximum of 150 days. Upon retirement, schoolteachers may be eligible to receive $25 per day for each unused sick day to a maximum of 150 days, providing certain conditions are met. A teacher must have been an employee of the District for ten years, must be at least 55 years of age, and have over 75 accumulated sick days. No provision for these amounts has been made in these financial statements as District officials have determined that such amounts are not material. Provision for sick leave is made in the annual operating budget.

Reconciliation of Exhibit B to Exhibit C

Exhibit C - Statement of Revenues, Expenditures and Changes in Fund Balance Budget and Actual (Budgetary Basis) is prepared on the budgetary basis of accounting and differs from Exhibit B - Statement of Revenues, Expenditures and Changes in Fund Balance by $37,349 in revenues and expenditures for on-behalf fringe benefit payments by the State of New Hampshire for teacher retirement (see Note 5).

Comparative Total Data

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position or results of operations in conformity with accounting principles generally accepted in the United States of America, as no consolidation or interfund eliminations have been made in arriving at the totals.

NOTE 2--PROPERTY TAXES

Under State statutes, the Town of Winchester, New Hampshire (an independent governmental unit) collects

School District taxes and State of New Hampshire Education taxes as part of local property tax assessments. As collection agent, the Town is required to pay over to the District its share of property tax assessments through periodic payments based on cash flow requirements of the District. The Town assumes financial responsibility for all uncollected property taxes under State law. For the year ended June 30, 2001 School District taxes were $1,764,312 and State of New Hampshire Education taxes were $864,892

NOTE 3--CASH AND INVESTMENTS

The District has combined certain cash resources of its governmental fund types. For accounting purposes, the applicable portion of the pooled cash and investment balance is reported in the specific fund as equity in pooled cash and investments. Temporary negative balances are reported as interfund assets and liabilities. At year end the Food Service Fund and the Federal Projects Fund owed the General Fund $31,510 and $57,118 respectively.

The District's investment policy requires that deposits and investments be in New Hampshire based financial institutions that are participants in one of the federal depository insurance programs. The District limits its deposits to money market investment accounts and certificates of deposit in accordance with New Hampshire state law or the New Hampshire Public Deposit Investment Pool, (NHPDIP) an external investment pool. The NHPDIP is not registered with the United States Securities and Exchange Commission as an investment company. NHPDIP was created by state law and is administered by a public body of state, local and banking officials.

At year-end, the carrying amount of the District's pooled cash and investment balance was $158,539, which consisted of bank deposits with a carrying value of ($66,902) and a bank balance of $334,673 and investments in the New Hampshire Public Deposit Investment Pool of $225,159. The bank balance was fully covered by federal depository or private insurance. Investments in the NHPDIP are not investment securities and, as such, are not categorized by risk. Other cash deposits with a book balance of $71,988 and a bank balance of $78,841 were fully insured by federal depository insurance.

NOTE 4--RETIREMENT PLAN

Plan Description

The District contributes to the New Hampshire Retirement System (NHRS), a cost-sharing multiple-employer defined benefit pension plan administered by the NHRS Board of Trustees. The plan provides service, disability, death and vested retirement allowances to plan members' beneficiaries. Benefit provisions are established and may be amended by the New Hampshire State legislature. The NHRS issues a publicly available financial report that includes financial statements and required supplementary information for NHRS. That report may be obtained by writing to New Hampshire Retirement System, 4 Chenell Drive, Concord, New Hampshire 03301.

Funding Policy

Plan members are required to contribute 5.0% of their covered salary and the SAU is required to contribute at an actuarially determined rate. The District contribution rates for the year ended June 30, 2001 were 2.97% and 4.24% of covered payroll for teachers and general employees, respectively. The District contributes 65% of the employer cost for teachers and the state contributes the remaining 35% of the employer cost. The

District contributes 100% of the employer cost for general employees. On-behalf fringe benefit contributions by the State of New Hampshire have been recognized in these financial statements.

Under NHRSA-100:16, plan member contribution rates are established and may be amended by the New Hampshire State legislature and employer contribution rates are determined by the NHRS Board of Trustees based on an actuarial valuation. The District's contributions to the NHRS for the years ending June 30, 2001, 2000, and 1999 were $77,097, $70,562, and $59,877 respectively equal to the required contributions for each year.

NOTE 5--CHANGES IN LONG-TERM DEBT

Bonds payable - July 1, 2000	$ 400,000
Less - bonds retired	80,000
Bonds payable - June 30, 2001	$ 320,000

Bonds payable at June 30, 2001 are comprised of the following individual issue:

General Obligation Bonds Payable:

$1,240,000 of 6.79% 1989 School Serial Bonds due in annual installments of $80,000 through July 1, 2004	$ 320,000

General obligation debt is a direct obligation of the District, for which its full faith and credit is pledged, and is payable from taxes levied on all taxable property located within District boundaries.

The annual requirements to amortize all debt outstanding as of June 30, 2001, including interest payments of $43,520 are as follows:

Year Ending June 30,	Amount
2002	$ 99,040
2003	93,600
2004	88,160
2005	82,720
	$ 363,520

Debt Authorized/Unissued:

$5,500,000 for school construction and reconstruction was authorized December 2, 1999, by a special district meeting. (See Note 7)

NOTE 6--RISK MANAGEMENT

The District is exposed to various risks of loss related to injuries to employees. During the year, the District was a member of the New Hampshire Worker's Compensation Fund. The worker's compensation fund is

considered a public entity risk pool, currently operating as an insurance program for member school districts. This entity was organized to provide statutory worker's compensation coverage and is self-sustaining through annual member premiums.

The participation agreement permits the entities to make additional assessments to members should there be a deficiency in plan assets to meet its liabilities. Accounting principles generally accepted in the United States of America require members of pools with a sharing of risk to determine whether or not such assessment is probable and, if so, a reasonable estimate of such assessment. At this time, the District foresees no likelihood of an additional assessment for any of the past years.

NOTE 7--CONTINGENCIES

Federal Grants

The District participates in a number of federally assisted grant programs. These programs are subject to financial and compliance audits by the grantors or their representatives. The amounts, if any, of expenditures which may be disallowed by the granting agency cannot be determined at this time, although the District expects such amounts, if any, to be immaterial.

Litigation

The Winchester School District is involved as a co-defendant in an issue involving the validity of the $5,500,000 debt authorization at the December 2, 1999 special district meeting.

FRONT COVER

From the horrible destruction of September 11th America's bravery, strength and fortitude have come to be known throughout the world. How lucky we are to have our heroic firefighters, policemen, disaster and relief workers and the thousands who gave unselfishly for others.

THERE ARE HEROES AMONG US
